# GENERAL HEALTH & WELLBEING

*Providing the right care, in the right place and at the right time*

## AGED CARE EMERGENCY SERVICE (ACE)

A partnership between Hunter Primary Care, Hunter New England Local Health District, Hunter New England Central Coast Primary Health Network, NSW Ambulance, Residential Aged Care Facilities and GPs. The ACE service provides consultancy, clinical support,

and advice for Residential Aged Care Facility staff and GPs to ensure care for residents can be delivered in the facility where appropriate.

## nib CARE COORDINATION PROGRAM

This personalised program assists eligible nib members who live with complex medical needs. Our Care Coordination team work in collaboration with you, nib, your GP and support network to deliver a personalised care program to help you better manage your health.

## TEACHERS HEALTH CARE COORDINATION PROGRAM

This joint initiative assists Teachers Health Fund members with complex and/or chronic health issues to manage your health and wellness journey.

A dedicated Care Coordinator from Hunter Primary Care will work in collaboration with you, your GP and support network to support you through health coaching, service navigation, education and providing you the skills to help manage your health journey.

*For information regarding any of our General Health and Wellbeing services, speak with our team today.*
